How to Find Your Event Proofs:

Images are no longer organized by event, but instead are in individual rider folders <u>ORGANIZED ALPHABETICALLY</u>, making it very easy to see ALL images from one year in one place!

1. Click on the EVENT IMAGES tab in the navigation bar above, a menu will drop down.

2. Select the year of the event or Private Gallery

3. Select the folder with the first letter of the rider's last name

4. Find the rider's folder

Within each rider's folder, the images are sorted chronologically by event. To tell which event, look at the file name. <u>The 6-digit number after the rider's name is the DATE of the event.**</u>

5. Thumbnails are shown on the left, a list of Featured (but not all) photo products is on the right. Click on a thumbnail to see an enlarged version. When you click on "BUY" you will see other product available for purchase.
